

# PUBLIC NOTICE

## West Sand Dam Sluiceway

**Brookfield**

Renewable

Due to the low water level in the Upper Seine River System, the opening of the Lower Marmion Sluiceway will be delayed for navigation for the 2018 season.

We will provide a courtesy shuttle for small to medium size boats to use at your own risk. Please note that, we reserve the right to refuse boat travel. Prior to the shuttle service transfer, you will be required to sign a release form available on site.

The shuttle will be available between 7 am and 7 pm, starting May 18, 2018. This service will continue until the sluiceway is reopened.

Please note that you may also access the Upper Marmion Basin by road on the Raft Lake Road or Upper Seine Bay Road.
