

PUBLIC NOTICE

SEINE RIVER WATER LEVELS ON THE SAPAWE ROAD

Due to rising water levels on the Seine River adjacent to the Sapawe – Upsula Rd users are advised to exercise additional caution when accessing this road system.

Please note that low areas along the road system are prone to flooding without warnings during periods of variable or high water levels, and all users are advised to exercise due care and caution at all times.

LAC DES MILLE LACS WATER LEVELS

Stoplog operations are being performed at the Lac des Mille Lacs dam (Seine Dam) to manage the lake level's present high water level trend.

MARMION RESERVOIR

The Marmion Divider Sluice is now open for summer navigation
